

Reading Log Books 1 - 100

Parent Tip:

Read to your child every-day. Make this a warm and loving time when the two of you cuddle close.

Dear Parents,

On behalf of the 1,000 Books Foundation, we invite you to participate in the FREE program which encourages you to read 1,000 books with your child before they start kindergarten.

Program Overview

The concept is simple. The rewards? Priceless! Read a book, any book (yes, you can repeat books), to your newborn, infant, or toddler. The goal? To read 1,000 books before your little one starts kindergarten.

Does this seem difficult or impossible to achieve?

It's not really if you think about it. If you read only one book a night, you will have read 365 books in one year. That's 730 books in two years and 1,095 in three. Most children start kindergarten at the age of 5 so you have more time than you think.

The key is perseverance. Make it exciting! For every 100 books that you read and log, bring your child into the library to pick up their brag tag for that level.

Once you reach 1,000 books bring them into to get their Certificate of Achievement and to have their picture taken. Their picture will then be placed on our Bragging Wall.

How to Participate

- Read with your child. Studies have shown that reading with your child provides a great opportunity for **bonding**. Reading together is fun and will create life-long memories.
- Mark off or color one star for each book read on your reading log.
- Make it fun by keeping track of your child's favorite titles at the bottom of the log sheet. Or keeping track of each title in a journal and give them to your child as a keepsake when they are older.
- Also, where it is possible, keep track of any book that is read to your child. This includes those read to them at storytime, preschool, by caregivers, or other family members.
