## **Section 3. Administration**

### **Subsection 1. Preamble to the Bylaws**

#### **PREAMBLE TO THE BYLAWS**

The Library Board of Trustees is the legislative or policy-determining body of the library. Its primary concern is with formulating the program of service and with supplying the means for carrying it out. The Director suggests the program, and the Board decides to adopt, modify or reject the Director's program and policies.

The Trustees should concern themselves collectively and individually with results rather than methods and should hold the Director responsible for attaining the desired results.

No Trustee should seek or expect special privileges with regard to library services, nor should he/she in any way profit personally by any policy or activity of the Board.

The library district shall be an institutional member of the Missouri Library Association and the American Library Association. In addition, the library district shall provide for individual membership dues to the Missouri Library Association for each Trustee, the Director, and the Assistant Director. Individual membership dues to the American Library Association will also be paid for the Director.
