POLICY FOR DISPLAY OF ARTWORK

The Camdenton Library District (all branches) will display artwork done by members of the public. The artwork needs to be of a landscape or floral design to accentuate the reading area of the library. The size of the picture also needs to be appropriate to fit over the fireplace in the reading room.

Artwork may have the name of the artist and telephone number or address but not the price of the artwork. The library will not handle any sales of the artist's works. The Director or Branch Manager will have final approval of the artwork.
